Fee Change

On 20th April 2023 we were advised that the IGC has set the IGC Sanction Fees for 2023 post approval at the recent IGC Plenum.

This decision follows on from previous advice provided on 16th January 2023:

Last year the IGC plenary decided to raise the sanction fee for 2022 and approved that the Bureau would make a proposal for the coming years to make the financial situation of the IGC solid again. Coming Plenum in Copenhagen the IGC Bureau will propose a further increase of the pilot sanction fees in 2023 and beyond.

These changes will be presented for approval at the upcoming meeting.

*As pilot sanction fees are independent from the organizer, **the organizer is allowed to raise the entry fee accordingly with the increased pilot sanction fee.***

Organizers can mention in their bulletin: " Entry fee is XXX,XX and subject to change as the pilot sanction fee will be changed" (decision has still to be taken during the meeting in March)"

The IGC Sanction Fees now applicable to the 37th WGC are outlined below:

- 1500 CHF (Swiss Franc) – Flat Fee
- 150 CHF (Swiss Franc) – Per Pilot Fee

The 37th WGC budget was approved as part of the Organisers Agreement signed in March 2021 with the following fees set:

- 1500 Euro – Flat Fee
- 75 Euro – Per Pilot Fee

Note: The current exchange rate between Euro and CHF is 1.01

37TH FAI WORLD GLIDING CHAMPIONSHIPS

NARROMINE NSW AUSTRALIA 2023

The increase in costs to the organiser are therefore 55 Euro/CHF per pilot based on current exchange rates.

Given the overall cost pressures on the competition organisers since fees were set early 2021 we are passing these additional costs onto competitors as a separate additional fee to be paid with the entry fees.

A revised entry form including these fees and payment details is available for download as an MS Word document from the competition website at:

<https://wgc2023.com.au/competition-downloads/>
